## Title 14—CIVIL AVIATION

### Chapter II—Federal Aviation Agency

[Amdt. 1]

#### PART 410—DELEGATION OPTION PROCEDURES FOR CERTIFICATION OF SMALL AIRPLANES, GLIDERS, ENGINES, AND PROPELLERS

##### Service Difficulties and Noncompliance

This supplement clarifies the scope of the Federal Aviation Agency's authority,

as set forth in § 410.36, to inspect a delegation option manufacturer's files, facilities, and product during its investigation of service difficulties and reports of noncompliance with the Civil Air Regulations. Since this amendment does not involve any substantive changes, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act is not required.

Paragraphs (a), (b), and (c) of § 410.36 are amended to read:

§ 410.36 Service difficulties and non-compliance.

Service difficulties and questions of compliance on articles produced under the delegation option procedures will be handled as follows:

(a) *Reports.* When service difficulties are deemed of sufficient importance, FAA will forward copies of the reports to the manufacturer for his information and any action he deems appropriate. The FAA will not request replies or action on any report except as indicated in paragraph (b) of this section.

(b) *Serious defects.* If FAA investigation of accident or service difficulty reports indicates unsafe features or characteristics caused by defect in design or manufacture, the FAA will request the manufacturer to report the results of his investigation, and also to report the action, if any, taken or proposed by him (e.g., service bulletins, design changes, etc.). If the nature of the defect is of such importance that mandatory corrective action by the user of the product is necessary for safety, the FAA will require the manufacturer to submit the information necessary for the issuance of an airworthiness directive.

(c) *Investigation of data, products, or manufacturing facilities.* The manufacturer shall, at any time upon request, permit the FAA to inspect and test his product, and investigate his technical data files and manufacturing facilities (see §§ 410.18 and 410.38).

This amendment shall become effective sixty days after publication in the FEDERAL REGISTER.

## PART 608—RESTRICTED AREAS

### Minor Alterations

This action establishes a small (2 square miles) restricted area R-558 near Chambersburg, Pennsylvania, for the use of the Army to demolish an accumulation of armament at the Letterkenny Ordnance Depot without creating a hazard to air commerce. The area will have a ceiling of 4,000 feet MSL and will be in use from 8:00 a.m. to 4:00 p.m. Monday through Friday.

This action has been coordinated with civilian aviation organizations, the Air Force, the Army, and the Navy, through the Air Coordinating Committee. The action is necessitated in part by the fact that a VOR navigational aid is to be established in the near future near the Letterkenny Depot for en route traffic. Under these circumstances, it is unnecessary to comply with the notice and procedure requirements of section 4 of the Administrative Procedure Act. However, this action is being made effective thirty days after publication in compliance with that Act.

Part 608 published as a "Revision of the Part" on November 4, 1958 in 23 F.R. 8575 is amended as follows:

In § 608.46, the Chambersburg, Pennsylvania, area (R-558) is added to read:

*Description by geographical coordinates.* North boundary, latitude 40°01'00"; East boundary, longitude 77°47'00"; South boundary, latitude 39°59'30"; West boundary, longitude 77°49'00".

*Designated altitudes.* 4,000 feet MSL.

*Time of designation.* 8:00 a.m. to 4:00 p.m., local time, Monday through Friday.

*Controlling agency.* Letterkenny Ordnance Depot, Chambersburg, Pennsylvania.

(Sec. 313(a) of the Federal Aviation Act of 1958, Act of August 23, 1958, 72 Stat. 752 (Pub. Law 85-726). Interpret or apply sec. 307(a) and 307(c); 72 Stat. 749, 750 (Pub. Law 85-726))

This amendment shall become effective on April 9, 1959.

Issued in Washington, D.C., on February 16, 1959.

Administrator.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U.S.C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restrictions on the handling of navel oranges grown in Arizona and designated part of California.

## Title 17—COMMODITY AND SECURITIES EXCHANGES

### Chapter II—Securities and Exchange Commission

#### PART 230—GENERAL RULES AND REGULATIONS, SECURITIES ACT OF 1933

#### PART 270—GENERAL RULES AND REGULATIONS, INVESTMENT COM- PANY ACT OF 1940

#### Definition of Public Offering in the Case of a Small Business Invest- ment Company Under Certain Cir- cumstances

The Securities and Exchange Commission has adopted rules under the Securities Act of 1933 and the Investment Company Act of 1940 defining the term "public offering" to exclude under certain conditions the offering of the stock of small business investment companies to small business concerns pursuant to the requirements of the Small Business Investment Act of 1958. Notice of the proposed action was published January 13, 1959 in Securities Act Release No. 4015 (Investment Company Act Release No. 2818).

Under section 304(d) of the Small Business Investment Act, whenever a small business investment company provides capital to a small business concern through the purchase of the latter's convertible debenture bonds, the small business concern is required to purchase stock of the small business investment company in an amount equal to not less than 2 percent nor more than 5 percent of the capital so provided, in accordance with regulations of the Small Business Administration. Those regulations specify certain minimum amounts of such stock which a small business concern is required to purchase depending upon the amount of capital which it obtains from a small business investment company through the issuance of convertible debenture bonds.

The new rules provide that a public offering of capital stock of a small business investment company is not deemed to be involved where the offer or sale is made in connection with the purchase of debenture bonds from a small business concern pursuant to the requirements of the Small Business Investment Act, the amount of stock involved is the minimum required by that Act and the regulations thereunder in connection with the par-

ticular transaction, and the stock is acquired by the small business concern for investment and not with a view to its distribution.

I. Section 230.151 (Rule 151) which was adopted pursuant to the Securities Act of 1933, particularly section 19(a) thereof, reads as follows:

§ 230.151 Definition of certain terms used in section 4(l) of the Act.

The term "transactions by an issuer not involving any public offering" as used in section 4(l) of the Act, shall be deemed to include the offer or sale of the capital stock of a small business investment company, licensed as such under the Small Business Investment Act of 1958, to a small business concern in not more than the minimum amount required to be purchased, with respect to the particular transaction, under the provisions of section 304 of such Act and the rules and regulations thereunder: *Provided, That*

(a) The offer or sale is made only in connection with, and as a condition to, the purchase of debenture bonds from the small business concern by the small business investment company; and

(b) The capital stock acquired by the small business concern in connection with the offer and sale is purchased for investment and not with a view to the distribution thereof.

II. Section 270.3c-1 (Rule N-3C-1) which was adopted pursuant to the Investment Company Act of 1940, particularly section 38(a) thereof, reads as follows:

§ 270.3c-1 Definition of certain terms used in section 3(c)(1) of the Act.

The term "public offering" as used in section 3(c)(1) of the Act shall not be deemed to include the offer or sale of the capital stock of a small business investment company, licensed under the Small Business Investment Act of 1958, to a small business concern in not more than the minimum amount required to be purchased, with respect to the particular transaction, under the provisions of section 304 of such Act and the rules and regulations thereunder: *Provided, That*

(a) The offer or sale is made only in connection with, and as a condition to, the purchase of debenture bonds from the small business concern by the small business investment company; and

(b) The capital stock acquired by the small business concern in connection with the offer and sale is purchased for investment and not with a view to the distribution thereof.

The above rules being rules of interpretation, shall become effective immediately upon the publication thereof, February 13, 1959.

By the Commission.

Secretary.

# Title 18—CONSERVATION OF POWER

## Chapter I—Federal Power Commission

[Docket No. R-172]

### PART 1—RULES OF PRACTICE AND PROCEDURE

### PART 2—GENERAL POLICY AND INTERPRETATIONS

### Stating General Policy and Amending Rules of Practice and Procedure to Require Written Notice of Appearance

FEBRUARY 17, 1959.

In the matter of initial notice, service, and information copies of formal documents—statement of policy and amendment of the Commission's rules of practice and procedure to conform therewith; Order No. 211.

In this proceeding the Commission has under consideration: (1) The statement of a general policy (18 CFR Part 2) as to publication of notice of institution of proceedings, service upon parties of record of copies of formal documents, and mailing of information copies of such documents, and (2) amendment of the rules of practice and procedure (18 CFR Part 1) to require written notice of appearance in a hearing in a representative capacity and to provide a form of such notice for use where the represented participant has not designated the representative in its initial filings in the proceeding.

The purpose of such policy and rules is to effect efficiencies in the distribution of documents, to reduce the burden of routine clerical operations of the Commission's staff and to minimize the mailing of copies to recipients who have no use for or otherwise receive them, while maintaining flexible procedures for mailing such copies where requested. This statement of policy and amendment to our rules will in no way restrict access to copies of formal documents in the Commission's public reference room or their availability when requested by mail or otherwise.

It appears that the proposed policy and amendments represent general statements of policy and rules of practice and procedure which do not require notice of hearing under section 4(a) of the Administrative Procedure Act.

The Commission finds: The following statement of policy and amendments are necessary and appropriate for the purposes of the Federal Power and Natural Gas Acts.

The Commission, acting pursuant to authority granted by the Federal Power Act, particularly sections 308 and 309 (49 Stat. 858; 16 U.S.C. 825g, 825h), and the Natural Gas Act, particularly sections 15 and 16 (52 Stat. 829, 830; 15 U.S.C. 717n, 717o), orders:

(A) A new subparagraph (5) is added to § 1.4(a) of Part 1—Rules of Practice and Procedure, Subchapter A—General Rules, Chapter I of Title 18, Code of Federal Regulations, to read as follows:

#### § 1.4 Appearances.

(a) \* \* \*

(5) A person intending to appear before the Commission or its presiding examiners in a representative capacity for a participant in a hearing shall file with the Commission a notice of appearance in the form prescribed by § 1.50, unless the person is named in the application, petition, complaint, answer, or other initial filing of the participant whom he represents, as a person to whom communications from the Commission in regard to the filing are to be addressed. Failure to file a notice required by this subsection shall constitute waiver of the right to service of documents issued by the Commission.

(B) A new § 1.50 is added to Part 1—Rules of Practice and Procedure, Subchapter A—General Rules, Chapter I of Title 18, Code of Federal Regulations, to read as follows:

#### § 1.50 Form of notice of appearance.

### [ 17 CFR Part 230 ]

## SUMMARY PROSPECTUSES

### Notice of Proposed Rule Making

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposed amendment to Rule 434A under the Securities Act of 1933. This rule provides for the use of summary prospectuses which omit in part or summarize information required to be set forth in the more complete prospectus required to be used in connection with the offering and sale of securities.

At the present time the use of summary prospectuses is limited to registrants which file reports under section 13 or 15(d) of the Securities Exchange Act of 1934. The proposed amendment would permit the use of summary prospectuses by certain other registrants which do not file such reports but which meet certain standards as to size, earnings and the publication of reports.

The proposed amendment is in the form of a revision of paragraph (a) of § 230.434a (Rule 434A) reading as follows:

§ 230.434a Summary prospectuses.

(a) A summary prospectus prepared and filed as a part of a registration state-

ment in accordance with this rule shall be deemed to be a prospectus permitted under section 10(b) of the Act for the purpose of section 5(b) (1) of the Act if the form used for registration of the securities to be offered provides for the use of a summary prospectus and if either of the following conditions is met:

(1) At the time the registration statement is filed, the registrant is required to file periodic reports with the Commission pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934; or

(2) The registrant (i) has a net worth of at least \$5,000,000 as shown by the latest balance sheet filed with the registration statement; (ii) has filed profit and loss or income statements with the registration statement for a period of at least three full fiscal years and has been engaged in substantially the same business during the period covered by such statements; (iii) has had a net income of at least \$500,000 for each of its last three fiscal years; and (iv) has distributed to its stockholders and made available to the public generally an informative annual report for each of its last three fiscal years which report included a profit and loss or income statement for such year and a balance sheet as of the end of such year, both prepared and certified in accordance with generally accepted accounting principles and practices. Notwithstanding the foregoing, subdivision (iv) of this subparagraph shall not apply in a particular case if the Commission determines, upon a showing of good cause, that the use of a summary prospectus would not be inappropriate.

The foregoing action is proposed pursuant to the Securities Act of 1933, particularly sections 6, 7, 10 and 19(a) thereof.

All interested persons are invited to submit data, views and comments on the above mentioned proposal, in writing, to the Securities and Exchange Commission, Washington 25, D.C., on or before March 16, 1959. Except where it is requested that such communications be kept confidential, they will be considered available for public inspection.

By the Commission.

## FEDERAL POWER COMMISSION

[Docket No. G-12406]

CLAUD B. HAMILL, ET AL.

### Notice of Application, Amendment Requesting Authorization to Abandon Service and Date of Hearing

FEBRUARY 17, 1959.

Take notice that Claud B. Hamill et al. (Applicant) filed on April 12, 1957, an application for a certificate of public convenience and necessity pursuant to section 7(c) of the Natural Gas Act authorizing the sale of natural gas produced from the Speaks Field, Lavaca County, Texas to Wilcox Trend Gathering System, Inc.,<sup>1</sup> for transportation in interstate commerce for resale, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open to public inspection.

Take further notice that Applicant filed on March 27, 1958, an amendment to the above application requesting authorization to abandon the service pursuant to section 7(b) of the Natural Gas Act. Service was commenced under temporary authorization granted by the Commission on April 22, 1957.

In support of the application to abandon service Applicant states that only one producing well was completed on the properties dedicated to the related sales

<sup>1</sup> Now Texas Eastern Transmission Corporation.

contract, dated January 3, 1957 (Applicants' FPC Gas Rate Schedule No. 7), that after commencement of deliveries said well began producing salt water, and after being reworked again produced a small amount of gas but on or about December 16, 1957, again produced salt water, so that the operation of said well is no longer considered to be economically justifiable.

Applicant states that Wilcox Trend Gathering System, Inc. (Wilcox), was served with notice of said amendment.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on March 26, 1959, at 9:30 a.m., e.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 16, 1959. ## TEXAS EASTERN TRANSMISSION CORP. AND TEXAS EASTERN PENN-JERSEY TRANSMISSION CORP.

### Order Reopening Proceedings and Fixing Date of Hearing

FEBRUARY 19, 1959.

In the matters of Texas Eastern Transmission Corporation, Docket No. G-12446;<sup>1</sup> Texas Eastern Penn-Jersey Transmission Corporation, Docket No. G-12447.<sup>2</sup>

Texas Eastern Transmission Corporation (Texas Eastern), a natural-gas

<sup>1</sup> Consolidated for purposes of hearing with the applications of independent producers: Continental Oil Company (Docket No. G-12432), M. H. Marr (Docket No. G-12885), Sun Oil Company (Docket No. G-12913) and General Crude Oil Company (Docket No. G-12931); seeking authorization to sell natural gas in interstate commerce to Texas Eastern.

company and Texas Eastern Penn-Jersey Transmission Corporation (Penn-Jersey), a natural-gas company and a subsidiary of the former, applied for certificates of public convenience and necessity under section 7 of the Natural Gas Act authorizing the construction and operation of certain natural gas pipeline facilities, which facilities would become integral parts of the existing pipeline system which extend from points in Texas and Louisiana to points in Pennsylvania, New York and New Jersey as well as intermediate points lying between. Pursuant to due notice given and published, hearings were held upon the said applications during the month of November 1957, and thereafter the matters were concluded at a hearing after a recess in January 1958, at which time the record was closed and the matters submitted to the Presiding Examiner for decision. On April 15, 1958, the Presiding Examiner rendered his decision with respect to the applications. Exceptions to such decision were filed by The Manufacturers Light & Heat Company, The Ohio Fuel Gas Company, The Brooklyn Union Gas Company, Equitable Gas Company, Philadelphia Electric Company, The East Ohio Company, Hope Natural Gas Company, The Peoples Natural Gas Company, United Gas Improvement Company, United Cities Gas Company and New York Public Service Commission. The matters were then before the Commission for final decision.

On August 11, 12 and 20, 1958, letters from the Commission to the three independent producers, parties to the consolidated proceedings herein and hereinafter named, permitted withdrawals of the applications in the respective dockets. Their names, docket numbers and dates of filing of notices of intent to withdraw are as follows: Sun Oil Company (Docket No. G-12913), M. H. Marr (Docket No. G-12885) and General Crude Oil Company (Docket No. G-12931); respective filing dates July 9, July 16, and August 1, 1958. Continental Oil Company filed a notice of withdrawal in Docket No. G-12432 on January 27, 1959, which said notice has not been acted upon.

On September 8, 1958, Texas Eastern and Penn-Jersey filed a joint motion to reopen hearing and to amend their respective applications. Since September 8, five supplements to the said motion have been filed by petitioners together with an application for a temporary certificate authorizing construction and operation of the facilities described in their original applications, as amended, which said facilities constitute those which have not been installed under the temporary authorization issued by the Commission on November 21, 1957, and excludes those facilities therein described, consisting of 22 miles of 14-inch pipeline and appurtenant facilities extending to the Rayne Field, Acadia Parish, Louisiana to the Opelousas Compressor Station.

On December 5, 1958, the petitioners herein filed the second supplement to the petition to reopen hearing in which filing it is averred that Texas Eastern has

negotiated contracts under which it will acquire the leasehold interests in the Rayne Field from the independent producers from whom it originally proposed to purchase natural gas.

An agreement titled "Lease Purchase Agreement," dated December 4, 1958, between the four independent producers named in the original proceedings hereof as First Parties and Louisiana Gas Corporation (Louisiana Gas)<sup>2</sup> a Delaware corporation, as Second Party. The second party, by the terms of the said agreement agrees to buy from the first parties their interest in leases on lands in Acadia Parish, Louisiana, for a price of \$181,065,000. If less than the total leaseholds are sold, Texas Eastern will purchase the remainder of such leaseholds at a price based upon a pro rata basis. The agreement states that first parties make no representations or warranties as to volumes of gas reserves or recoverability of gas.

Texas Eastern, by the terms of an agreement with Louisiana Gas, agrees to pay it \$12,420,500, in cash and the balance in notes for the assignment, transfer and conveyance of the leases above mentioned. The agreement between Louisiana Gas and Texas Eastern is filed with the Commission as an exhibit attached to Supplement 2 above referred to.

The Commission finds:

(1) It is necessary and appropriate in the public interest to reopen the proceedings in the above-designated matters upon the motion of Texas Eastern and Penn-Jersey to permit the presentation of evidence with respect to the amended proposals.

(2) The proceedings in the above-designated matters should be reopened for the purpose of allowing the evidence to be adduced concerning the matters and issues presented by Texas Eastern and Penn-Jersey in their motion to reopen as supplemented.

(3) The proceedings should be remanded to the Presiding Examiner for further hearing in accordance with findings (1) and (2) hereof.

The Commission orders:

(A) That the proceedings in the matters of Texas Eastern Transmission Corporation, Docket No. G-12446, and Texas Eastern Penn-Jersey Transmission Corporation, Docket No. G-12447, be and the same hereby are reopened for the reception of evidence upon the lease sale agreements dated December 4, 1958, and the proposed amendments to the applications relating to the facilities to be constructed and the alterations proposed.

(B) The proceedings above-designated are hereby remanded to the Presiding Examiner for further hearing for the purposes set forth in findings (1) and (2) hereof.

(C) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by the Natural Gas Act a hearing will be held on March 10, 1959, at 10:00 a.m., e.s.t., in a hearing room of the Commission, 441 G Street NW., Washington, D.C., concerning the matters in-

<sup>2</sup> Louisiana Gas would be a wholly owned subsidiary of Texas Eastern.

volved in and the issues presented by the joint motion of Texas Eastern and Penn-Jersey.

(D) Parties who participated in the original proceedings may participate in the reopened proceedings without filing further petitions for leave to intervene. Any additional protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 6, 1959.

By the Commission,

[SEAL] JOSEPH H. GUTRIDE,  
Secretary.
